

DONOR REGISTRATION AND CONSENT FOR TESTING

National Marrow Donor Program®

1 (800) 627-7692

BeTheMatch.org

The National Marrow Donor Program® (NMDP) is entrusted and under contract to operate the federally authorized C.W. Bill Young Cell Transplantation Program.

Please read this form and information carefully.

Ask any questions you have before you join by calling 1 (800) 627-7692.

I. Joining the Be The Match Registry®

By completing the donor registration form online and selecting the “I agree” button associated with this text, you are joining the National Marrow Donor Program/Be The Match Registry (the “registry”). The registry is a list of possible marrow or blood stem cell donors.

By selecting the “I agree” button associated with this text, you are giving us permission to:

- Collect a cell sample from you
- Send some of your cell sample to a lab for testing
- Store any of your leftover cells for future uses related to the operation of NMDP/Be The Match and the registry
- Collect, keep, use, maintain and disclose your information (personal, contact and lab results) for purposes related to the operation of the NMDP/Be The Match, Be The Match Foundation®, and the registry

II. Joining and staying on the registry is voluntary

Your decision to join the registry is voluntary. You can decide to be removed from future searches at any time. If you do withdraw, you will not be matched with searching patients. No matter what you decide, now or later, your decision will not impact your ability to use the services of the registry if needed. You will not get any direct benefits from joining the registry.

You will not be paid for:

- Registering
- Donating, if matched to a patient in the future. But, costs related to donation will be covered by NMDP/Be The Match.

You will stay on the registry until:

- You are 61 years old
- You ask to be removed from future searches
- You cannot be found
- You do not meet medical or other eligibility requirements

III. Confidentiality

Your lab results and stored sample will be identified by a code and stored away from your personal identifying information.

Information about you may be used or disclosed:

- To coordinate blood stem cell transplants for matching patients
- For purposes related to the operation of the NMDP/Be The Match, Be The Match Foundation, or the registry.

The NMDP/Be The Match and its network centers follow strict rules designed to prevent unauthorized sharing of this information.
